My dear Maharaja Sahib,

Although Your Highness has unfortunately been unable to grace the session of the Chamber of Princes with your presence and to give us the benefit of your advice and support, I feel sure that we can rely on Your Highness's sympathy in the Chamber, the work of which is resulting in a great deal of good for all the Princes and States.

I am, therefore, confident that my circular letter No. 5 dated the 15/19th December 1925, in which as Chancellor I appealed for funds for the Chancellor's Secretariat and for meeting other incidental expenditure, as well as the personal appeal which I enclose with this letter, will meet with Your Highness's sympathetic and favourable consideration and that in the interests of the Princes and States as a body Your Highness will be so kind as to have a generous donation sent in as urgently as possible, which I am sure will be greatly appreciated by all the Princes.

Hoping that Your Highness is keeping good health and with every good wish,

I remain,

Yours very sincerely,

Sd Ganga Singh.

It has been decided above that this expenditure should be treated as non-votable. The Comptroller may be informed accordingly.

As regards the head under which the charge should be brought, I have expressed my opinion in my note on the Comptroller's letter dated 4th February 1926.

As for provision for the charge, if no re-appropriation is possible, an additional grant may be sanctioned. As the expenditure is held to be non-voted, an additional grant can be sanctioned by Government without reference to the Legislative Council.

The reply to the Comptroller's letter of the 4th February 1926 may issue from the Administrative Department and it will be communicated to the Comptroller from the Finance Department in the usual course.

P.S.- One point has since struck me and I should like to invite attention to it. The question may arise in regard to the payment of this contribution whether it does not come under the proviso (b) (2) (iv) (a) of Section 13 of the Legislative Council Regulation. This provision is as under:-

> "Expenditure on matters pertaining to or affecting the relations of His Highness the Maharaja with the Paramount Power or with other States".

The contribution is "for the Chancellor's Secretariat and for meeting other incidental expenditure" connected with the Chamber of Princes. It does not appear to me that it can strictly be considered as "pertaining to or affecting the relations of His Highness the Maharaja with the Paramount Power or with other States". In this view, the contribution has to be ~~viewed~~ treated as expenditure subject to the vote of the Legislative Council. If however, it is held to come under the provision referred to above, it would become non-voted expenditure not requiring the sanction of the Legislative Council.
